

**Friends of the Rappahannock**

# Our classroom pledges to:

- **Use only one paper towel when we wash our hands**

Use 1 sheet - Save 2 gallons

- **Wipe off art supplies like paint brushes, then wash in a container instead of running**

**water** Do an experiment to figure out how many gallons per minute your school faucet delivers, then how many minutes to wash one brush. We figure you save at least 1 gallon per brush.

- **Drink tap water from reusable containers**

Two drinks— Save 1 gallon vs. bottled water

Help the river out!

Teachers: Support your students in their classroom pledge; we will email you in 3 weeks. Track your classes' actions with the graphic on the back of this sheet or ask your students if they have kept their pledge and your classroom will receive an honorary membership in the Friends of the Rappahannock. You get a classroom certificate and a FOR cling sticker.
